EDUCATION

Wilfrid Laurier University

Bachelor of Science in Computer Science

Waterloo, Ontario

Sep. 2023 – Aug. 2027

- Clubs: Laurier Computing Society
- Related Credits: Data Structures & Algorithms, Databases, Algorithm Design & Analysis, Digital Electronics, Object-Oriented Programming, Probability and Statistics, Discrete Structures for Computer Science

TECHNICAL SKILLS

Programming: Java, Python, JavaScript, HTML/CSS, SQL, React, Node.js, PostgreSQL

Tools: Git, GitHub, VS Code, Jupyter, npm, Express, Streamlit, Jest

Certifications: Ontario Security License (2025), Smart Serve Ontario (2025), First Aid & CPR (2024)

PROJECTS

NBA Match Predictor | *Python, scikit-learn, pandas, BeautifulSoup, Streamlit, Git*

- Built end-to-end ML pipeline analyzing 500+ NBA games, improving prediction tracking by automating data scraping, feature engineering, and model training
- Developed interactive Streamlit dashboard for real-time evaluation of predictions and model performance
- Structured modular workflows and version control using Git for reproducibility

Battleship | *JavaScript, HTML5, CSS*

- Improved gameplay realism by implementing state-driven AI with hunt-and-target logic
- Improved user experience by designing a responsive drag-and-drop interface, reducing setup time and increasing interaction efficiency
- Ensured maintainable and scalable frontend architecture by applying event-driven design patterns and modular component structuring

ThunderBear Inventory Management System | *Node.js, Express, PostgreSQL, EJS*

- Developed full-stack inventory management app with complete CRUD for items and categories using Node.js, Express, and PostgreSQL
- Designed RESTful APIs using Express for scalable client-server communication
- Implemented MVC architecture, server-side validation, and parameterized SQL queries to ensure data integrity
- Used Git workflows (branching, pull requests) to maintain clean and collaborative codebase

EXPERIENCE

Security Guard – The Prohibition Warehouse

Student Bar Venue

Aug. 2025 – Present

Waterloo, Ontario

- Conducted ID checks to verify legal drinking age and ensure compliance with Ontario liquor regulations
- Enforced house rules and alcohol policies calmly and professionally in a high-volume student environment
- De-escalated conflicts and managed disruptive behavior to prevent incidents and maintain a safe atmosphere
- Coordinated with bar staff and management to address safety concerns and control crowd flow

Data Entry Clerk – SDM Consulting

Consulting Firm

Jun. 2024 – Sep. 2024

Toronto, Ontario

- Updated and maintained internal databases with a high degree of accuracy
- Verified data integrity by cross-referencing entries with original source documents
- Organized tasks and managed priorities to meet strict project deadlines

Brand Ambassador – Pro-motions

Promotional Marketing Agency

Mar. 2022 – May 2023

Toronto, Ontario

- Engaged customers to deliver a positive brand experience and promote featured products
- Consistently achieved sales targets through confident pitching and upselling techniques
- Supervised active promotional environments while maintaining professionalism and organization
